- have the opportunity to ask questions about parenting,
- speak with a Public Health nurse about your baby's growth and development, get your baby weighed and measured, and
- have a nutritious snack.

All prenatal women and parents of babies up to six months of age are eligible to receive coupons for 4 litres of milk per week. Bus tickets are available if assistance with transportation is needed. This program is free.

For more information, or if you are attending for the first time, please email Traci at traciw@mts.net

Children under the age of one stay with their parent during the session. Older children will be cared for by a qualified childcare provider.
